

HydroCom
Simply quicker.

Get quicker with our new balancing valves.

With our new HydroCom balancing valve you can *preset or shut off more quickly* – with the new handwheel in less than one turn. Especially in large projects where many valves need to be preset, *this saves a lot of time*. The new HydroCom brings advantages for all HVAC professionals:

BENEFITS FOR CONSULTANTS AND CONTRACTORS

- + *Quick presetting and shutoff:* in less than one turn
- + *Direct setting:* handwheel with kv values
- + *Flow optimised Y-pattern body* of compact size

BENEFITS FOR WHOLESALERS

- + *Few item numbers* for less effort
- + *Competitive complement* for common applications
- + *Modular system:* compatible with HydroControl

BENEFITS FOR INVESTORS AND OWNERS

- + *Reliable* exact control
- + *Durability* through Oventrop quality
- + *High economic efficiency*
